DETAILED ACTION

The submission of amendment filed on 8/03/2005 is acknowledged. At this point claims 3-5 have been amended, claims 1, 2, 6-13 have been canceled and the remaining claims left unchanged. Thus, claims 3-5 are at issue in the instant application.

Allowable Subject Matter

Claims 3-5 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to Claims 3 and 4 the prior art of record fails to show an illumination device wherein the negative lens portion is shaped such that its length in the vertical direction of the device is smaller than a maximum length of the condensing unit in the vertical direction of the device.

Referring to Claim 5 the prior art of record fails to show an illumination device wherein the negative lens portion and the condensing unit are formed such that the ratio the distance between a maximum aperture position of the negative lens portion and a maximum aperture position of the condensing lens to the distance between a maximum aperture position of the condensing unit and the light source center is more or equal 0.1 and less or equal 0.5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
